Example: Growth plan (R4,000/month) + newsletter (R2,500 once-off)	**R6,500 first month**

3. How the price is made up

About R400 a month is the running cost (hosting and domain, passed on at cost). The rest covers cybersecurity, monitoring, backups, admin, the monthly report and the included maintenance hours. Hours beyond the plan are R350 per hour, and unused hours do not roll over. Hosting costs move with the exchange rate, so plans are reviewed once a year.

4. Payment terms

- Billed monthly in advance, from the date the plan starts.
- Month-to-month, with 30 days' notice to cancel or change plan.
- Add-ons are quoted once-off and paid 50% to start, 50% on delivery.

5. What is not included

- **Content.** Episodes, photos, bios and copy are supplied by you, and you confirm you hold the rights to use them.
- **Third-party fees.** Domain registration, email mailboxes, newsletter and booking services are billed by those providers.
- **New features and redesigns.** Anything larger than the included hours is quoted separately before work starts.
- **Paid advertising and social media management.** Not part of website care.

6. Acceptance

To accept, tick your choices, sign, and reply by email. The plan starts when the first month is received.
