3. Monthly retainer

The site needs hosting, a domain, security and someone looking after it. The retainer covers the running costs and my time for cybersecurity, administration and updates. Choose one plan, billed monthly from launch.

PLAN	INCLUDES	PER MONTH
Basic	Hosting and domain, cybersecurity (security headers, software updates, threat checks), uptime monitoring, monthly backup, billing and admin, **up to 4 hours of maintenance** a month, **monthly report** (uptime, security status, work done)	**R2,750**
Standard	Everything in Basic, plus up to 6 hours a month, weekly backups, audience insights in the monthly report (visits, top pages, trailer plays, where visitors come from), quarterly SEO and speed check, episode spotlight refresh for each new release, response within 1 business day	**R4,000**
Plus	Everything in Standard, plus up to 10 hours a month, monthly SEO and speed audit, growth recommendations based on the numbers, quarterly 30-minute strategy call, same-day response	**R5,500**

How the price is made up: about R400 a month is the running cost (hosting and domain, passed on at cost). The rest is my time for cybersecurity, monitoring, backups, updates, reporting and admin. Hours beyond the plan are R350 per hour. Unused hours do not roll over. The retainer is month-to-month with 30 days' notice. Hosting cost moves with the exchange rate, so the retainer is reviewed once a year.

4. Payment terms

- 50% deposit to start work, 50% on launch. Final access is handed over once the balance is received.
- Add-ons are paid together with the package, or on delivery if added later.
- The retainer is billed monthly in advance, from launch.

5. What is not included

- **Content loading.** The site is handed over for your team to fill: episode uploads, copy, bios, book listing and SEO text. You confirm you hold the rights to everything you supply.
- **Newsletter and checkout.** The Debrief sign-up and the book store checkout are add-ons, not part of the packages.
- **Content editing.** There is no self-service editor. Text and image changes are handled by me, under the retainer or at R350 per hour.
- **Third-party fees.** Domain registration, email mailboxes, newsletter and booking services are billed by those providers.
- **Scope.** Anything not listed above is quoted separately before work starts.

6. Acceptance

To accept, tick your choices, sign, and reply by email. Work starts when the deposit is received.
